

# *An Open Invitation*

## *To medical and dental professionals*

Please accept this invitation to prayerfully consider joining the Hope for Nicaragua medical and dental mission team traveling to Nicaragua in the second week of August.

Nicaragua is the second poorest country in the western hemisphere. It is a country of amazing natural beauty and beautiful people who are unfortunately trapped in a cycle of poverty that can often lead to hopelessness.

For one week a year, the Hope for Nicaragua mission team travels to a village in Nicaragua where we set up a temporary medical and dental clinic that will provide love, care and hope for thousands of men, women and children.

If you have ever thought about investing your time and talent in a place of desperate poverty, this may be the opportunity you have been looking for! In one short week, you can personally change lives and generations.

Hope for Nicaragua is a short-term mission team for BMDMI (Baptist Medical Dental Missions International). BMDMI exists under the Lordship of Jesus Christ to evangelize the lost, to disciple the saved, and to minister to the needs of the poor.

To learn more, please visit our team website at **[www.hope4nic.com](http://www.hope4nic.com)** See the "Team Resources" page for important information including a mission service application that contains the BMDMI statement of faith.

Thank you for your consideration to help us serve the beautiful people of Nicaragua!

*A week of your life can  
change theirs forever!*
